Cut Back Christmas!

We all want a Christmas that is special but it is also a time when we in the UK produce and discard an additional 3 million tonnes of waste, that's 100 million bags of rubbish going to landfill. The equivalent of 2 million turkeys and 5 million Christmas puddings end up in the bin. Here are some cut back tips for a planet friendly (and pocket friendly) Christmas.....ho ho ho!

- * **Do you really need to send all those cards?**
- * **Agree a gift limit with friends and family**
- * **Gift a sponsorship or make a charity donation**
- * **Don't over cater! Plan your meals and use up leftovers**
- * **Be creative and make gifts and decorations**
- * **Avoid glitter, shiny & cheap plastic stuff - they can't be recycled**
- * **Support local producers. Shop local, buy local.**
