Shopping Suggestions

Household consumption accounts for 60 per cent of global greenhouse emissions and 50 to 80 per cent of total land, resource and water use. In these times when household budgets are under strain consuming less can save money and help the environment. So.....

- * **Try to stop impulse buys. Do you really need it?**
- * **Make a list and stick to it**
- * **Do you really need to up-grade if the old one still works?**
- * **Why buy new? Check out second-hand options**
- * **Can you borrow or swap it rather than buy it?**
- * **Think before you buy/Challenge consumerism**
- * **Buy less, buy better and make it last**
- * **Think local and check out our “Green List” on the Parish website www.staustellbay-pc.gov.uk**
