# SAVE Energy, SAVE Money

**\*\* Here are some seasonal saving suggestions \*\***

**\* Turning your heating down by just 1 degree could cut your bills by up to 10%**

**\* Try 18 degrees and another layer of clothing!**

**\* Only heat the house where and when needed**

**\* Switch off at the wall. Don't leave on standby**

**\* Stop draughts with thermal lined curtains, draught excluders, improved loft insulation**

**\* Switch off lights when you leave the room**

**\* Boil only what you need in your kettle**
