

The Environment & Climate Crisis Action Group

SAVE Energy, SAVE Money

****Here are some seasonal saving suggestions****

*** Turning your heating down by just 1 degree could cut your bills by up to 10%**

*** Try 18 degrees and another layer of clothing!**

*** Only heat the house where and when needed**

*** Switch off at the wall. Don't leave on standby**

*** Stop draughts with thermal lined curtains, draught excluders, improved loft insulation**

*** Switch off lights when you leave the room**

*** Boil only what you need in your kettle**

Community Energy Plus provides energy solutions to householders in Cornwall. Contact 0800 954 1956 or www.cep.org.uk for more information or www.energysavingtrust.org.uk has lots of help!
